TFS Order No.: ITI-2026-0185-TJ

INSPECTION REPORT

APPLICANT: ZHENGZHOU WANZHI STEEL MATERIALS CO., LTD

INSPECTION PLACE: Binzhou City, Shandong Province, China

INSPECTION DATE: Mar 24, 2026

COMMODITY DESCRIPTION: PPGI (NOT EMBOSSED)

INSPECTION SCOPE:

- Quantity check;
- Marking and package check;
- Weight check;
- Dimension check;
- Witness of testing;

APPLICABLE DOCUMENT provided by applicant:

Proforma Invoice (PI No.: WZS220260202S2-WY18 Date: Feb.2th,2026)

Detailed List (Invoice No.: /, Date: /)

INSPECTION RESULT

1. Quantity check

The checked quantity was the same as detailed list's declaration, details as below:

Description	Size (Declared)	Color	Quantity
PPGI (NOT EMBOSSED)	0.45*613 MM	RAL9003	24 Coils
	0.45*673 MM	RAL9003	14 Coils
	0.45*730 MM	RAL9003	47 Coils
	0.45*810 MM	RAL9003	41 Coils
	0.45*1145 MM	RAL9003	16 Coils
	0.8*1000 MM	RAL9003	8 Coils
TOTAL			150 Coils

2. Marking and package check

Marking: Two paper labels were found on each shipment package.

Packing:

- a) Cargo was packed with galvanized steel sheet. The inner packing was waterproof paper and plastic film.
- b) The goods were packed vertically and fixed on pallets. The surface of the goods was covered with plastic film.

3. Weight check

Inspector randomly selected 2 coils from all coils to check the weight, the records were as below:

Size (Declared)	Color	Coil No.:	G.W. (Kgs) (Declared)	G.W. (Kgs) (Actual)
0.45*613 MM	RAL9003	260321 乙 20C	1871 KG	1870 KG
0.45*1145 MM	RAL9003	260320 乙 16F	2111 KG	2115 KG

4. Dimension check

Inspector randomly selected 2 coils from all coils to measure the width and thickness, the records were as below:

Size (Declared)	Color	Coil No.:	Size (Actual)
0.45*613 MM	RAL9003	260321 乙 20C	0.448*613.0 MM
			0.452*613.0 MM
			0.451*613.0 MM
0.45*1145 MM	RAL9003	260320 乙 16F	0.450*1146.0 MM
			0.453*1146.0 MM
			0.449*1146.0 MM

5. Witness of testing

For coating thickness (Paint film thickness + Zinc thickness)

Inspector randomly selected 2 coils from all coils to witness the testing of coating thickness. The inspector of the factory conducted coating thickness by mechanical magnetic coating thickness gauge.

The test results were as follow:

Item(mm)	Color	Coil NO.	Coating Thickness (µm) (Top Painting/Back)
0.45*613 MM	RAL9003	260321 乙 20C	34.0/21.0
0.45*1145 MM	RAL9003	260320 乙 16F	35.0/19.5

For Zinc coating mass

Inspector randomly cut 3 samples and witnessed the testing of zinc coating.

The inspector of the factory conducted Zinc coating testing by dissolved weighting method in the factory laboratory. The test results were as follows:

Size (Declared)	Sample area (m2) (A) (3pcs)	Weight before pickling (g)(B)	Weight after Pickling (g)(C)	Zinc coating (GSM)	Computational formula
0.45*613 MM	0.015072	50.831	48.329	166.00	(B-C)/A
0.45*1145 MM	0.015072	51.099	48.597	166.00	(B-C)/A

Note: Inspector only witnessed the process of testing according to the in-house test procedures at the client's request, and the responsibility therein for test procedures' compliance with the related standards, test result accuracy and reliability, equipment calibration, test engineer qualification etc, fully remains with the client and the factory.

Measuring appliance:

No.	Name	Measuring rang	ID NO	Calibrated ^{[1][2]} (Yes/No/NA)
1	Steel tape	0-7.5m	TFS-TJ-ST-2025-03	YES
2	Electronic micrometer	0-25mm	TFS-TJ-OM-2024-03	YES
3	Electronic hanging scale*	/	/	NO
4	Thickness gauge*	100µm	148833	NO
5	Pressure sampler*	/	/	NO
6	Electronic balance*	0-300g	1410811	NO

* The measuring equipment was provided by the manufactory.

[1] Calibrated

---"Yes" means the instrument was calibrated and now is in the period of validity.

---"No" means the instrument should be calibrated, in fact it was never calibrated or not calibrated before the expiry date.

---"NA" means the instrument does not need to be calibrated in the view of its function.

[2] All calibrated instruments must be provided the total pages copy of calibration certificate.

NOTE

This report is issued following a visual inspection and reports our findings at the time and place of inspection. This report is subject to the applicable SGS General Conditions available at <https://www.sgsgroup.com.cn/en-cn/terms-and-conditions>. This document does not discharge exporters from their contractual obligations in relation to quality and quantity of the goods referred to herein, nor does it discharge the exporter or the importer from exercising all their rights and discharging all their liabilities under the Contract of Sale. Stipulations to the contrary are not binding on SGS. This document does not evidence shipment. The authorities may reject the consignment covered by this certificate if found to be non-conforming on verification at the port of entry.

You can send the email to Justin.Ren@sgs.com for the authenticity and validity verification of this document.
